Hi Mike,

Here's an EPA statement about the Krancer letter.

EPA has received Secretary Krancer's letter dated Jan. 5, 2012 to EPA Regional Administrator Garvin. As the Secretary acknowledges in his letter, Mr. Garvin reached out to him regarding EPA's activities in Dimock, Pa. EPA intends to work cooperatively with PA DEP. We continue to keep Mr. Krancer and the Department updated as we're actively reviewing the situation in Dimock and filling information gaps.

As for the situation in Dimock, this statement still reflects the current status of things.

We're actively reviewing the situation in Dimock and filling information gaps. We're evaluating next steps including sampling some of the residences' well water. We have not made a decision to provide water at this time. As soon as we have more, we will announce it.

Terri,
What is EPA's response to Krancer's contention that EPA's knowledge in Dimock is "rudimentary"?
Anything new to report today about Dimock?
Thanks,
Mike
